

Glo Fiber Announces Expansion to Kingsmill in Williamsburg, VA

February 13, 2024 at 5:00 AM EST

Fiber optic network will bring internet speeds up to 5 Gbps to the premier community

EDINBURG, Va., Feb. 13, 2024 /PRNewswire/ -- Glo Fiber, powered by **Shenandoah Telecommunications Company ("Shentel")** (Nasdaq: SHEN), announced that they have reached an agreement with the Kingsmill Community Services Association (KCSA) to deploy next generation fiber-to-the-home (FTTH) broadband services to Kingsmill residents. Kingsmill is a premier community in Williamsburg, Virginia, situated on 3,000 acres with more than 2,400 homes.

"Kingsmill residents will now enjoy expanded options for internet connections and TV services," highlighted Ed Connors, KCSA President/CEO. "This enhancement could positively impact property values and provide substantial support for the growing number of residents working from home."

Glo Fiber provides a direct fiber-to-the-home internet connection with super-fast, symmetrical upload and download speeds up to 5 gigabits per second (Gbps). The fiber-to-the-home network, coupled with Shentel's 9,300-mile regional fiber network, enables Glo Fiber to deliver high speeds, low latency, and unparalleled reliability. The company has earned a reputation for providing superior local customer service across its markets, including the growing list of communities in Virginia, Pennsylvania, Maryland, and West Virginia.

"We are excited to bring our 100% fiber internet service to the Kingsmill Community," said Dara Leslie, Senior Vice President of Sales and Marketing. "The introduction of an all-fiber internet connection will provide residents with incredibly fast, symmetrical speeds with unparalleled reliability. Additionally, we pride ourselves on providing local customer service to help our customers get the most out of their Glo Fiber services."

In combination with multi-gigabit internet speeds, Glo TV streaming services and phone services are also available. Wall-to-Wall Wi-Fi service is offered, ensuring a seamless and reliable connection anywhere in your home or business.

As a leading broadband internet provider in the Mid-Atlantic region, Glo Fiber takes great pride in several key differentiators compared to their competitors:

- Fiber-to-the-home technology with exceptional reliability
- Symmetrical download and upload speeds of up to 5 Gbps
- Easy, straight-forward pricing with no long-term contracts
- Prompt local customer service

Construction is planned to begin in the third quarter of 2024, and Kingsmill residents will receive communications approximately 15 days prior to construction activity in their neighborhood.
