

Glo Fiber Brings Lightning Fast Fiber Optic Internet to Berryville, VA

February 11, 2025 at 1:34 PM EST

Expansion will bring internet speeds up to 5 Gbps to the county seat of Clarke County

EDINBURG, Va., Feb. 11, 2025 /PRNewswire/ -- Glo Fiber, powered by Shenandoah Telecommunications Company ("Shentel") (Nasdaq: SHEN), announced they have reached an agreement to deploy next generation fiber-to-the-home (FTTH) broadband services to Berryville, Virginia. Glo Fiber will bring a future-proof, 100% fiber network to approximately 1,800 homes and businesses in the area. Construction is slated to begin the summer of 2025.

"Berryville is pleased about Glo Fiber's commitment to bring their advanced fiber-optic internet service to our community," said Keith Dalton, Town Manager of Berryville. "We look forward to our residents and business partners having additional options available to them for fast, reliable internet service."

Glo Fiber provides super-fast, symmetrical upload and download speeds of up to 5 gigabits per second (Gbps). Fiber-to-the-home technology and Shentel's 16,000-mile regional fiber network enable Glo Fiber to deliver high speeds, low latency, and unparalleled internet reliability. The company has earned a reputation for providing superior local customer service across its markets, including the growing list of communities in Virginia, West Virginia, Maryland, Pennsylvania, Ohio, and Delaware. In addition to high-speed internet, Glo Fiber offers phone service, video service, and Whole Home Wi-Fi for a seamless connection anywhere in your home or business.

"Shentel is thrilled to announce the expansion of Glo Fiber in Berryville," said Chris Kyle, Vice President of Industry Affairs & Regulatory. "This marks an exciting milestone as we expand further throughout the Shenandoah Valley. While we expand, our mission remains the same – provide high-speed, reliable fiber service to rural communities."

Glo Fiber takes great pride in several key differentiators compared to their competitors:

- Fiber-to-the-home technology with exceptional reliability
- Symmetrical download and upload speeds of up to 5 Gbps
- Easy, straight-forward pricing with no long-term contracts
- Prompt and friendly local customer service
