

Glo Fiber Launches Enhanced Fiber-to-the-Home Technology in Circleville, Ohio

August 26, 2026 at 6:50 AM EDT

EDINBURG, Va., Aug. 26, 2026 (GLOBE NEWSWIRE) -- Glo Fiber, powered by Shenandoah Telecommunications Company (Shentel) (Nasdaq: SHEN), today announced the completion of network upgrades in Circleville, Ohio, offering higher internet speeds and enhanced performance to over 6,000 homes and businesses. The upgrade transitions Glo Fiber's network to XGS-PON technology, enabling residential internet speeds of up to 8 Gbps. In addition, Glo Fiber offers a comprehensive portfolio of voice and video services, as well as commercial internet and data solutions with speeds up to 100 Gbps.

Existing customers may continue their current plan or upgrade to higher multi-gig speeds by calling 1-833-WANT-GLO (1-833-926-8456).

"Access to reliable, high-speed connectivity is essential for households, businesses, and economic growth," said Chris Kyle, Vice President of Government and Industry Affairs at Shentel. "This upgrade enhances the capabilities of our fiber network and gives Circleville customers access to the fastest internet speeds and a broadband experience designed to support their evolving needs."

Glo Fiber takes great pride in several key differentiators compared to our competitors:

- Fiber-to-the-home technology with exceptional reliability
- Multi-gig, symmetrical download and upload speeds up to 8 Gbps
- A full line of business data and voice services with speeds to 100 Gbps
- Local customer service and operations teams dedicated to supporting the communities we serve
